

Tips for Business Coach Phil

Unlike generic AI chatbots, Phil has been **trained specifically** to provide coaching to **small businesses** for **ASKTRA** customers. He knows what it takes to help you succeed.

First, Phil will ask you **2-3 questions** about your business. His inquiries will continue until he has a **strong understanding**.

Be **clear in explaining** your business to Phil, without naming it or the location. Describe its size, customers, products or services you provide, target market, and current phase such as start-up, emerging growth, or well-established. Describe its performance. Year over year growth is a great metrics to share.

Next, Phil will ask about your **challenges** and **goals**. He'll proceed with inquiries until he has a **solid grasp**.

We all have challenges so **explain yours**, more than one is common.

Then list your goals. **Prioritize** them perhaps by timeframe or financial impact.

★ **Tip:** The more **details** you provide and **questions** you ask, the better Phil's coaching will be.

Phil will now share his **feedback** and **suggestions**. Like his coaching but want more detail? Tell Phil in the next prompt what additional info you want. He'll often ask you more questions. Continue with **additional prompts** until you are satisfied.

★ **Tip:** If his idea or suggestion **catches** your **attention**, reply "**Tell** me more about..." or "**Share** examples of..." or "**Quantify** the thinking behind..."

Sometimes Phil gets a little "wordy" with responses. For some topics that's exactly what you need. Others maybe just a simple explanation will do (and he's great at that too)...

★ Tip: Type “summary” and he will *summarize* his latest, long response.

Have fun! Phil loves helping small business owners.

Remember: **Copy** & **save** your chats in a doc for easy access later!
